

# Sponsor a Plant Today

Although Mercer receives annual maintenance funds from the CPC to support plant restoration activities of six species, it is still in need of additional funding to care for its 18 additional CPC-endangered plants. Depending on the level of sponsorship, gifts include framed color prints, T-shirts, note cards, annual updates about the sponsored plant, and other gifts featuring the plant. Sponsors will be acknowledged nationally by the CPC and in Precinct 4 publications and events referencing their species, honored on plaques at Mercer, and featured on Mercer's Web site. Sponsorship donations range from \$200 to \$10,000 for a full sponsorship of a single endangered species.
